ACADEMICS

SCHOOLGY:

The screenshot shows the Schoology interface for the East Penn School District. At the top, there's a navigation bar with 'EAST PENN SCHOOL DISTRICT', 'COURSES', 'GROUPS', and 'RESOURCES'. Below this, the user is logged in as 'Freshman Class of 2025'. The left sidebar contains a 'Materials' menu with options like 'Updates', 'Gradebook', 'Grade Setup', 'Mastery', 'Badges', 'Members', 'Analytics', 'Workload Planning', 'Edpuzzle', 'PowerSchool', and 'WeVideo'. The main content area shows a list of materials for the 'Class of: 2025'. The materials are organized into folders: 'Career Readiness & Artifacts' (containing 'Career Readiness Overview-START HERE', 'Career Readiness Video Tutorials', 'What is Career Readiness?', 'Career Readiness Menu Schoology Class of 25.docx', 'Career Readiness and Preparation (13.1)', 'Career Acquisition (13.2)', 'Career Retention (13.3)', and 'Entrepreneurship (13.4)') and 'Counseling Office' (containing 'Testing Information (SAT/ACT/AP)', 'Counseling Office Videos', 'EHS Clubs and Activities', 'Naviance login for EHS (click on student and ...)', 'College Planning Timeline.pdf', and 'Check list for college bound student-athletes.pdf').

Learning on the A/B Block

Manage Your Time - Become mindful of your time and HOW you are using it

Study Location- Study in a quiet, distraction free environment (bedrooms are usually not good)

Track Your Work - What do you need to do for tomorrow, and the week ahead? When will you do it? How long will it take you? Use a planner!

Homework Completion- Do your HW the night it was assigned. Use Hornet Homeroom time for extra help or make up work.

HORNET HOMEROOM - Academic Support and Community Building

Hornet Homeroom- In addition to one counselor and principal, each student will have a “home base” called Hornet Homeroom. This small group of students and one teacher will be meeting every day for academic support time and to build connections within the group. This time will be used to complete school work, get specific help when needed, and to make up work.

Hornet Huddle - Once a week on Thursdays, during Hornet Homeroom, the students and homeroom teacher will focus on community building activities that help to foster positive relationships and have some fun together! This is also a great time to have conversations about timely matters throughout the school.

Electronic Devices

Expectations:

- Students are welcome to use their phones, earbuds and smart watches until **the bell rings for the start of class**. Once the class begins, all students are to place their phones on their desk pouches, or in cell phone caddies provided in classrooms. The pouch must be sealed and remain on the student's desk and cell phones may not be accessed for the remainder of the class.
- All devices must be on silent.
- There are times when we may use cell phones as a part of a class activity. The expectation is that students will not be using this time to access social media, games, etc.
- When going to the bathroom or anywhere else in the building, the electronic device pouch must remain on the desk and electronic devices must stay in the classroom while you are out.
- Students may not take cell phones to the bathrooms regardless of the class they are leaving.
- Upon finishing classwork **and** teacher's discretion, students may be entitled to access your electronic devices during a break (less than 3) minutes of class time.
- If the student is using electronic devices during class, outside of what has been stated above, a verbal warning will be issued first and subsequent violations will follow the consequences outlined below
- Students who have IEP SDIs or behavior plans that require music will be permitted to continue this.
- Students who monitor health issues using their phones will be provided a clear pouch to view their cell phones at all times.

CELL PHONES

Consequences for Non-compliance (beginning on the first day of the school year)

1. **1st Use:** If the student is found using electronic devices during class, outside of what has been stated above, a verbal warning will be issued by the teacher.
2. **2nd Use:** This will result in the student emailing (a template email will be provided by administration) their parents/guardians and copying their assistant principal and teacher on the email explaining the situation regarding the electronic device in class. This email will be sent by the end of the class period and before leaving the classroom.
3. **3rd Use:** This will result in an email or phone call (a sample script will be provided to teachers by the administration) to a parent/guardian by the teacher within 24 hours and the teacher may direct the student to place the phone on the teacher's desk until the end of the block. In the email, the teacher must request a response from the parent/ guardian to acknowledge receipt of the email. **If No Receipt of Email:** This will result in a phone call to the parent or guardian with documentation for the teacher.
4. **4th Use:** If phone use continues, the teacher may refer the student to their administrator for disciplinary action under the Insubordination infraction (Level 2). The teacher must include in the referral the dates of steps 1 - 3 outlined above.
5. **Continued Insubordination or Disrespect:**
 - a. Students who become seriously disrespectful (foul language, refusal to comply, disruption in class, etc.) with a teacher about the electronic device procedure will be issued an immediate referral.
 - b. If the teacher feels the student should be removed, they will call the Assistant Principal and then send the student with a pass to the AP office. The teacher will write the referral immediately after class. The administrator will code this as Continuation of a Level 2 infraction.
 - c. Teachers should not physically remove or take a device from a student or their desk.

CAREER READINESS

- The State of Pennsylvania wants all students to be ready to work after high school graduation. Students are getting ready in their classes with assignments the School Counselors have created.
- Assignments are done in Schoology in your grade level course (ex. Class of 2027)
- The activities are designed to help you learn more about what you want to do as a carer and help you get ready for college or to go out into the workforce after high school.
- Assignments may be completed in your courses but will need to be uploaded from your Google Drive into your grade level Schoology Course.
- Activities are broken down within four areas of knowledge and students must complete two activities from each area: Career Awareness & Preparation, Career Acquisition, Career Retention & Advancement, and Entrepreneurship
- Each year students will complete assignments
 - 9th-3 total by the end of the year
 - 10th-6 total by the end of the year
 - 11th-8 total by the end of the year

our Resource Closet!

Mission Statement

Providing basic assistance to students on an immediate short-term basis.

Goals

We believe that ALL high school students are OUR students and we want them to succeed.

- Provide basic assistance to students in need on an immediate, short-term basis until other resources can be offered
- Support students' ability to focus on learning in school.
- Show we care through anonymous giving in the true spirit of community
- We are a “giving network” activated by student needs at EHS.

TELL US ABOUT YOUR CHILD

Please complete the “What Do You Want Us To Know About Your Child?” Information Sheet. These will be shared with their Homeroom Teacher and Counselor.

Tell Us About Your Child

- ❑ Open up the camera on your smartphone and Click on the QR Codes to be forwarded to the two surveys
- ❑ The first is information that we are looking for to inform teachers about your student.
- ❑ The second form was sent out in Mrs. Guarriello's most recent update. This information will be used to keep PowerSchool and offices updated.
- ❑ If you are not able to access these links please see one of the staff so you can participate in a non-digital format

It will be here before you know it!
