After researching, visiting, and speaking with schools...

- ▶ Decide which schools the student will be applying to
 - ▶ Look on their websites to get all of the most current information regarding their application process, requirements, deadlines, and any other pertinent information.

After deciding where to apply...

- ▶ Students must complete and submit their college applications. This is done outside of Naviance.
 - ▶ If the student is using Common App, they will complete their application in that system.
 - ▶ The student will match their Common App account to Naviance to allow the two platforms to connect.
 - ▶ If the student is not using Common App, they should complete their application as directed by the institution.
 - ▶ Students should be sure to follow all application requirements from each school - ex: the SRAR.

Supporting document request process

- ▶ After submitting their application(s), students should log in to Naviance and navigate to the Colleges I'm Applying to page

The screenshot displays the Naviance website's main navigation menu. At the top, there are tabs for Home, Self-Discovery, Careers, Colleges (which is highlighted with a blue underline), and Planner.
