WELCOME

The Emmaus High School staff welcomes everyone to our Summer Learning Academy program. The following is a set of guidelines, rules, procedures, and proposed course offerings.

MISSION STATEMENT

It is our goal to provide a broad learning experience for all students. The Summer School program will not only include experiential course offerings for grade improvement/remediation, but also acceleration courses for students who wish to take a sequential course for which they have not completed the prerequisite. It will also allow students to participate in graduation requirement courses that they may have difficulty fitting into their schedule during the regular academic year. The expansion of this program will result in a greater academic experience for all students and help to ensure a successful tenure at Emmaus High School.

COURSE OFFERINGS

All course offerings are subject to change due to the enrollment numbers and teacher availability for individual courses. It is within the Summer School Principal's discretion to drop, add, or condense courses based on enrollment figures. Courses will be offered in the following manner:

- **Acceleration**- A course that serves as a prerequisite to prepare students for the subsequent sequential course. These classes will be delivered via online learning. Students must pass the course, and score an 80% or higher on the midterm and final exams to earn credit. Algebra 1, Algebra 2, and Geometry will be offered for acceleration. These math courses meet NCAA Clearinghouse Regulations; you must select the NCAA course on the registration form if needed.
- **Accelerated Graduation Requirement Courses** - A one-half or one-quarter credit course that is a graduation requirement or elective course counting toward the student's required 21 credits and does not fit readily into the student's schedule during the regular academic year. *Driver's Ed: Keys to Driving will be offered via online learning through Schoology. *Aquatics requires a time commitment of 120 minutes per day for three weeks, (Monday-Thursday). Well-Fit requires a time commitment of 120 minutes a day for three weeks.*
- **Remediation** - A course being taken to improve a failing grade from a course taken during the regular academic year and earn the missing requirement (*No Credit Earned*). The student will be taking it to attain a passing grade. Remediation for core classes will be delivered via in-person learning. Students will be **required** to attend in person 2 hours a day for three weeks, (Monday-Thursday). *Driver's Ed: Keys to Driving will be offered via online learning through Schoology. *Aquatics requires a time commitment of 120 minutes per day for three weeks, (Monday-Thursday). This includes any passing or failing grades earned during SLA and applies to all courses (acceleration, remediation, NCAA, etc.).

ORIENTATION

All students must attend a mandatory orientation as part of the completion of the Summer Learning Academy.

- All Students will meet with Mr. Zimmerman at the start of each session on the first day.

If the student is referred to the Summer School principal for any disruptions or other disciplinary matters that fall into Levels I of the Emmaus High School Code of Conduct, he/she will be given one (1) warning. The next offense that occurs will result in the student being dismissed from the program.** If a student is referred for an infraction that is deemed Level 2 or higher, they will be dismissed.

****If a student is dismissed from summer school, he/she forfeits all money paid to date. Money paid to enroll in summer school is NON-REFUNDABLE.** If a balance still remains once a student is dismissed, he/she will still be responsible for that balance. **If the balance is not satisfied, a charge will be placed against that student's record in the main office and his/her diploma will be held until all debts are satisfied.**
