

# AUTHORIZATION TO ACCESS DRIVER HISTORY REPORT

The East Penn School District (District) is authorized by the Pennsylvania Department of Transportation (PennDot) to access driver history reports for individuals who operate District vehicles and/or transport District students. Access to driver history reports is restricted to district personnel who are authorized by PennDot to retrieve the reports. The district personnel authorized by PennDot may periodically or annually review the status of employees' driver history reports.

The regulations that govern access to individual driver reports require that employees sign an authorization form that authorizes District personnel to review the driver history reports maintained by PennDot. The reports are reviewed only in relation to your responsibilities associated with operating District vehicles and/or transporting district students. This record check will be used to determine the status of your driver's license and any history of driving infractions that may call into question your ability to operate District vehicles and/or transport District students in a legal and safe manner. Any infractions recorded may or may not affect your continued employment with the District.

I \_\_\_\_\_, (an employee of or driver for the District) authorize the East Penn School District personnel designated by PennDot to conduct periodic or annual checks of my driving history as maintained by the Pennsylvania Department of Transportation. My signature authorizes such checks for as long as I am employed by the District or provide services to the District, which require the operation of District vehicles and/or the transportation of District students. My signature also verifies that the District shall conduct such checks only as they relate to my responsibilities associated with my employment relationship to the District.
