

INCREASED TRANSPARENCY WITH NEW EAST PENN SCHOOL DISTRICT MENUS

Menus pictured above represent sample menus and not actual menu items at your school.

Monday, April 3, 2017

Starting today, parents and students from East Penn School District will be pleasantly surprised with their new online school menus. Nutrislice, web site and free smartphone app, is powering the updated EPSD school menus. The nutrition program has just launched an interactive menu tool that provides greater insight and information about their menus.

The website, <https://eastpennsd.nutrislice.com/> lets parents and students view pictures, descriptions, nutritional information, special diets filters, and get carb counts for each day's menu! You can also access menus via the free mobile app available on the [iTunes App Store](https://itunes.apple.com) for iPhone users or on [Google Play](https://play.google.com) for Android-powered smartphones.

East Penn School District was asked to participate as a pilot group to launch this new program. In the upcoming 2017-18 school year we will be utilizing this program, therefore eliminating the standard menu the EPSD population is currently used to seeing. There is a link available located above for all EPSD website visitors. The phone app is also available for viewing menus at any time.
